Miss Helen Burghardt, accompanied by her cousin, Miss Louise Austin, who has been spending the Christmas holidays with her, have gone to New York to visit Miss Burghardt's aunt.

Christmas exercises were held in the Episcopal church last evening attended by about 175 members of the parish. A tree was decorated and a program of recitations and music rendered. An orchestra composed of H. M. Ritchie, Daniel Rifenburg, William Andrews and Lela Stickle furnished music.

Mops and wax have been applied in large quantities to the floor of Library hall to prepare it for the dancers this evening. The laborers in the hall today were requested to wear slippers and trail one of Davis' dustless dusters after them, so that no hair or blemish shall be visible on the surface before the dance begins.

James H. Hogan lost a valuable horse near Fayville Tuesday afternoon when the animal fell in a snow-drift, broke its leg and required shooting. The horse was being driven in double harness to a sleigh which had brought two lumbermen into the Fayville camp. On the return the bit on one of the bridles gave way, scattering the pair, which started to run. One of the horses were thrown into the drifts by the roadside where its leg was broken, throwing the other and bringing the runaway to a stop.

The local fire engine was kept busy until a late hour last evening pumping water from cellars under blocks about the village. The water was entirely removed from the basement beneath the Bennington County savings bank late in the afternoon and a repetition of the occurrence avoided by stuffing the sewer entrance securely with burlap and driving it home with a wooden plug. Several other property owners along Main street also took this method of stopping further flooding of their cellars.

Mr. and Mrs. Calvin Endress return of Tuesday evening from spending the Christmas holidays with their daughter in Hartford, Conn. They had opportunity to witness first hand the destruction caused by Sunday's storm down the Connecticut Valley and the damage was particularly acute in Hartford. Cedar Hill cemetery suffered worst, several costly monuments being bowled over and broken by the high wind and several funerals which were to be held Sunday afternoon had to be postponed owing to the inability of the funeral parties to gain entrance to the cemetery.

The fire department was called out shortly after midnight to extinguish a blaze in a chicken coop on the Morgan property on Grove street. The origin of the blaze is a mystery. Prompt action saved firing of the surrounding buildings. The firemen became somewhat confused in responding owing to the distance which the person who rang the alarm traversed to find an alarm box. In commenting on the fire this morning the firemen expressed the wish that local people would acquaint themselves better with the location of the fire boxes and pull the one nearest the blaze as in the case of a serious conflagration it would help prompt response. In every case the person who rings the alarm should stay by the box till the firemen arrive, to direct them to the location of the fire unless it is of such proportions that it can easily be seen.

18 POUNDS OF BLOOD

is the average quantity in a healthy adult, but it is the quality of the blood that determines our strength to resist sickness. With weak blood we find cold hands and chilly feet; in children an aversion to study, and in adults rheumatic tendencies.

In changing seasons get abundant fresh air and take a spoonful of Scott's Emulsion after meals, because Scott's Emulsion is a rich blood-food that will increase both quantity and quality of the blood while it warms the body and helps carry off the impurities.

When multitudes of people are today taking Scott's Emulsion to avert winter sickness, and are giving it to their children, it is careless to neglect its benefits. Look out for substitutes. Scott & Bower, Boston, N. Y. 15-25

"MY BOY'S COLD WAS GROWING WORSE

Then I Gave Him Father John's Medicine and Now He Is Well Again."

The father of these little boys writes: "I have a son five years old who had a bad cold and it left him with a cough, and the doctor told me that the cold left him with lung trouble. A friend told me to try Father John's, and I did, and that is seven weeks ago and the cough has left him and he is getting fat. I write this letter to help some other little one that is sick like my son was." (Signed) Edward Sipe, 3035 Welkey street, Philadelphia, Pa.

Father John's Medicine is safe for all the family, because it does not contain alcohol or dangerous drugs, but is all pure and wholesome nourishment.

News of the Town and Village Told Briefly for Busy Readers

Ernest Henry Trevett of Gloversville, N. Y., and Mary Scheimbofer of Johnstown, N. Y., were united in marriage at the Methodist parsonage, Tuesday evening December 28, 1915 by Rev. P. L. Dow.

The residents of Imperial avenue are much pleased with an electric light which has been placed on the street. Residents of the avenue have been accommodating pedestrians with light by keeping their piazza lamps burning in the evening. The new lamp will avoid this. There has been much agitation to secure the improvement and in the phrase of one of the residents this morning they are glad that the Board of Trustees has at last seen the light.

NORTH BENNINGTON
